

File Folder Game

©Made by Liesl at homeschoolden.com

- Print the pages that follow (pages 2-4) on card stock.
- Glue (or tape) skeletal blackboard sheet (page 2) to the outside of a file folder. Attach a Ziploc bag into the inside of the file folder. Cut out the number pieces (page 3).
- Glue the 6s Answer Key Page to the inside of the File Folder so students can check their own work before putting the materials away in the Ziploc bag.
