Visit this post, [Teach Your Child to Read](#), for fun ideas that help your child learn to read as well as some of the readers my kids used... Funny enough, my three kids all gravitated towards different sets! LD really liked the Bob books, DD loved Animal Antics, and ED read through the entire set of Sam readers!!

[Dinosaur Lapbook and Activity Packet](#) - This is a huge packet I made when ED studied dinosaurs. I made the dinosaur lapbook for her and then added in all kinds of other activities because I know my kids loved dinosaurs when they were around age 3 or so. :) You can find out more about this here:
