**Learning the Multiplication Facts:** As my daughter moved into learning her multiplication facts I looked around for the kind of multiplication practice that would help her. The math book she was using went through the math facts a bit too quickly for her. She needed quite a bit of repetition and wanted bright, colorful worksheets. I wound up making my own sets of practice pages and games. She loved that!

**Bundle Option:**

Check out our **COMPLETE multiplication bundle**, 10 files, for \$7.00 (Sold individually as well. Just follow the links above.)

- 2s, 3s, 5s, 10s (8 Pages) - **Bugs, Butterfly and Flowers Theme**
- **Flower and Bird Theme (25+ pages total)** 13 worksheets specifically for learning the 3s; Plus it also has 8 pages of mixed practice for reviewing the 2s, 3s, 5s, and 10s.
- Flower and Bird Theme File Folder Games (2s through 6s)
- The 4s Packet has a total of about **25 pages**.
