

Build-A-Sentence Pack

I made this set to work with my first grader on building interesting sentences. Here are my plans for them:

- The first couple of pages are filled with ideas. She'll go through and create sentences (silly or not) to write in her journal.
- Next we'll work together to brainstorm ideas for some of the other themed sheets. Again she'll go on to write sentences (silly or not) in her writing journal.
- Finally, I hope she'll be able to brainstorm on her own on a few of these sheets and use them to write her own sentences.
- I plan to encourage her to add adjectives and descriptive words to the nouns/subject words.
- I doubt we'll use all of these sheets (who knows?!) but I wanted a lot of choice to pique her interest.
