

Minecraft Money Game

Game One: Lowest Price Wins

Player One: Spin the spinner 5 times and add up the coins

Player Two: Spin the spinner 5 times and add up the coins.

The player with the lowest amount gets to buy the creeper!

Game Two: Who can get closest to \$1.00?

Players take turns spinning the spinner and adding up the coins. Keep track of how much you have. The player that can get closest to one dollar wins the game!
