# Homeschool Supply List

- ✧ Pencils & Pens
- ✧ Quality erasers
- ✧ Colored pencils
- ✧ Markers

- ❖ computer
- ❖ printer
- ❖ tablet or e-reader
- ❖ library card

- ✧ Crayons
- ✧ Oil Pastels
- ✧ Glue

- ✧ Scissors
- ✧ Stapler
- ✧ 3 Hole Punch
- ✧ Single hole puncher
- ✧ Tape and tape dispensers
- ✧ Glue & glue sticks
- ✧ Rubber bands

- ✧ Brads
- ✧ Construction paper
- ✧ Plain white paper
- ✧ Cardstock Paper

- ✧ Workboxes - Storage cart with 10 drawers. We have one for each of the kids!
- ✧ Date Stamp

- ✧ Timer
- ✧ Tote bag
- ✧ 3-ringed notebooks
- ✧ Dividers

- ✧ Loose leaf paper
- ✧ File folders
- ✧ Notebooks

- ✧ Writing Journals: We use the bound ones. The kids are more excited by those.
- ✧ Primary writing journal (for PreK-Gr. 1) has space for drawing (above) writing (below)
- ✧ Math Manipulatives (tiles, geometric board, place value cards (we love our [set from Right Start Math](#)), math balance)

- ✧ Ruler
- ✧ Protractor
- ✧ Clip board/s
- ✧ Dry Erase Sleeve (we found some at Oriental Trading)
- ✧ Plastic Tray (for messy art projects)

- ✧ Dry Erase board - Magnetic (to use with spelling program or math manipulatives)
- ✧ Laminator
- ✧ Comb or Spiral Binder Machine & combs and covers
- ✧ Project Bricks

# Homeschool Science Supply List

I thought I would put together a list of science supplies that we have used over the years. We slowly have acquired these science materials. I would recommend only purchasing **only** what you need.

Things we acquired early on in our homeschooling journey:

- Microscope
- Prepared slides: We have several sets of prepared slides. I have all three levels, but I would suggest you start with just one set and go from there. The photos on Amazon show what is displayed on each slide.
  - [Microscope Prepared Slide Set - 12 Slides - Elementary Level](#)
  - [Prepared Slide Set - Intermediate](#)
- Goggles
- Rock Kits -- We bought a set of rock specimens, including igneous, sedimentary, and metamorphic rocks like this one: [American Educational Classroom Collection of Rocks and Minerals](#). We have used this regularly through the years, so I'm glad we invested in a kit so the kids could really explore the rocks. Remember too that we have a free Rocks and Minerals packet and free sheets on the Three Types of Rocks. The kids also \*loved\* [cracking open geodes](#) (we liked larger ones better than the 1 inch rocks).
- We also got a really amazing fossil kit. The kids \*love\* exploring these and we have used this with our geologic timeline activities. I can't remember where we got our, but it wasn't at Amazon.
- Plastic test tube set. We've gotten so much use out of this inexpensive set of [Test Tube Trays from Oriental Trading](#)
- We had fun with live mealworms and watching their life cycle. See this post: [Working with Mealworms](#).
- Kits: We've gotten a number of kits through the years. The kids absolutely loved creating their own solar system: [4M Solar System Planetarium](#). They also loved the [Squishy Human Body](#) and we use that almost every year. We also have done kits on DNA, Physics and others.

Now that the kids are older (Ages 9, 11), we are slowly adding other science materials

- **Molecule Set:** When the kids were younger, we made our own molecules (with foam or marshmallows) and used a cheap kit (not really recommended), but now that they're older we invested in an actual plastic set made by [Molymod - 52 atom parts](#) if you are like us and have a number of kids you might be interested in the larger kit. This is the one we got: [Molymod Chemistry Molecular Model, Teacher Set \(111 atom parts\)](#)
- [Glass Graduated cylinder/s](#)

- **Scale or balance** that measures in grams. I decided to get a [digital scale](#) (the one I chose measures up to 11lbs and can weight in grams, oz, etc.). Many people get balances instead, but I decided on this because we have a [math balance](#) (from Right Start Math) which has been fine for showing things like [Air Has Weight \(an experiment we did in our weather unit\)](#) .
- **Density cubes** - These are for a unit on density... which you can do as young as 4th grade, but we're doing later (Gr. 5 and 7) because I'll have the kids do lots of math calculations.  $\text{Volume} = L \times W \times H$  ; equations.  $\text{Density} = \text{mass} / \text{volume}$  or  $D = M / V$ . We got a set that includes ironwood (a very dense wood)--similar to this one [Deluxe Density Cube Set](#) (Carolina is a very reputable science supply store), but this set of 10 would work well too: [Density Cube Set](#). I saw cheap sets, but was worried when people said the dimensions of the cubes were off.
- **Equal mass set**: There are different options available. We got this one [ETA hand2mind, Equal Mass Diverse Materials Set, \(41785\)](#). I'll come back to update this once we've done our experiments.

And I'm sure we'll acquire more as the kids get older.

[Earth Science Packet](#): Plate Movement, Earthquakes Volcanoes and more!

[A Study of Cells Packet](#)

[Simple Machines Packet](#)

Be sure to check out our packets  
at [homeschoolden.com](http://homeschoolden.com)

## Human Body Systems

## Skeleton Lapbook and Notebook Pages

## Digestive System Pack

Be sure to check out our packets: at [homeschoolden.com](http://homeschoolden.com)

## Civics and Government Packet:

American Revolution Packet (A Study of the causes of and events leading to the American Revolution such as the French & Indian War, Sugar & Molasses Acts, Stamp Act, Boston Massacre, Townshend Acts, Boston Tea Party, Lexington & Concord and more)

**Causes and Events Leading to the AMERICAN REVOLUTION**

**Highlighting:**

- The French and Indian War
- Albany Plan
- Sugar and Molasses Acts
- Pontiac's Rebellion
- Proclamation of 1763
- Stamp Act
- Sons of Liberty
- Noble Men of Boston
- Townshend Acts
- Tea Act
- Boston Tea Party
- Intolerable Acts
- First Continental Congress
- Battles of Lexington and Concord

**30-Page Packet**

**Made by Liesl at homeschoolden.com**

## World Facts Packet:

- \*Largest countries
- \*Population facts
- \*Major world religions
- \*Facts about the World: longest river, largest desert, wettest and driest places on Earth, tallest mountain, deepest spot in the ocean, etc.
- \*Facts about the US: largest/smallest state, capital, highest mountain, longest river, rivers & lakes sheet, largest cities, neighbors
- \*Blank fact sheet pages for: Canada, United Kingdom, Australia, South Africa
- \*Famous world landmarks

Be sure to check out our packets: at [homeschoolden.com](http://homeschoolden.com)

**Animal Packet:** (5 vertebrate groups, characteristics of animals, invertebrate animal groups, animal track activities, domesticated vs. wild animals)

Be sure to check out our packets  
at [homeschoolden.com](http://homeschoolden.com)

## Rocks and Mineral Packet

and for 3-7 year olds, our [60+ page Dinosaur Packet!](#)

Be sure to check out our packets

# Feudalism, Medieval Art

## Middle Ages Unit Feudalism Activities

### Feudalism Simulation Activity

Draw cards and see what your fate is.  
Will you survive the Middle Ages?!!

The "king" sat at the top of the hill in his castle. If you drew certain cards you had to run up the hill to serve the king. To the right, peasants are "working" hard in the fields.

## History and World Cultures Notebook Pages

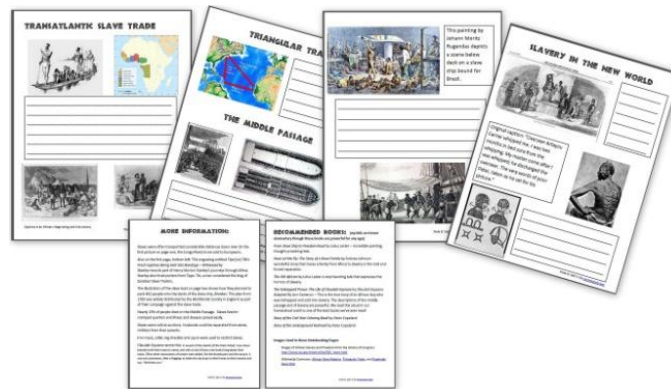

Made by Liesl at the Homeschool Den

# World Religions

# Slave Trade

Plus we have packets on the Civil Rights Movement, Africa, India, Genghis Khan, Marco Polo and much more!!

You might also be interested in these multiplication packets available over at [homeschoolden.com](http://homeschoolden.com):

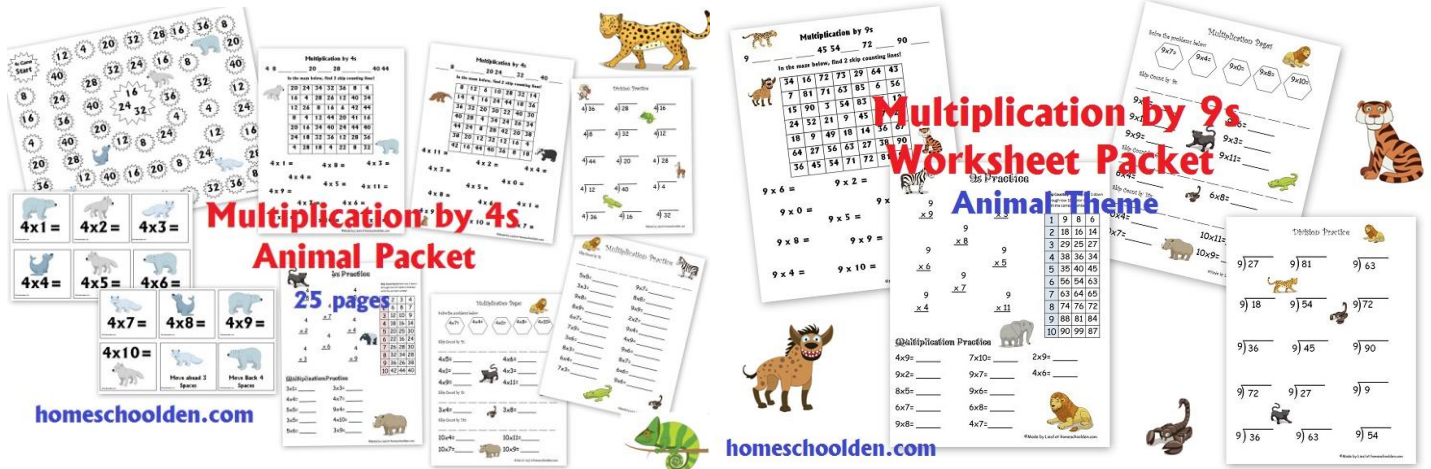

[Bugs, Butterfly and Flowers Theme: 2s, 3s, 5s, and 10s.](#)

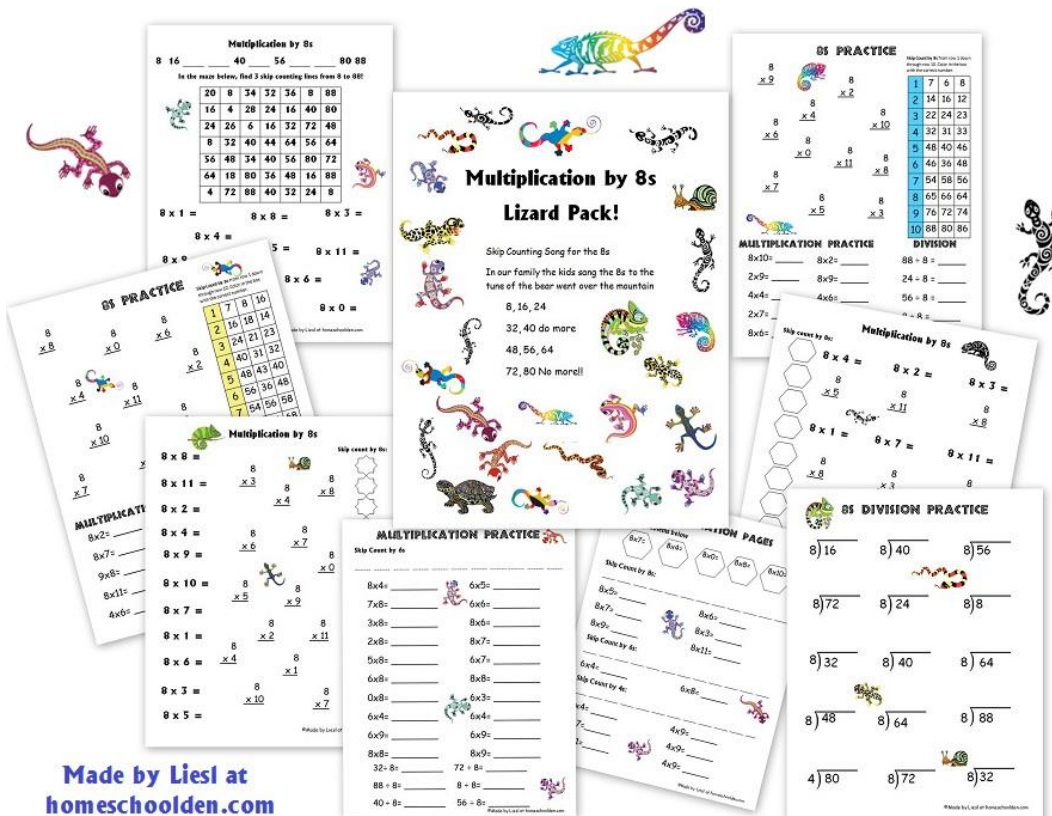

[Multiplication by 3s Packet:](#) Learn the 3s, Practice the 2s, 5s, 10s

# Multiplication by 4s and 9s Packets

**Multiplication by 8s Packet: 25 pages of worksheets, Lizard Races for the 4s, 6s, 7s, 8s and 9s**

## Beginner's Music Curriculum: Learning Notes, Rhythm, Music Notation and More! (Free!)

[illegible]

# Holiday Sport Schedule

Christmas Mailbox: Last year instead of an advent calendar we picked up a Christmas mailbox to store on the dining room table. We mailed little messages to each other this holiday season... thoughtful things we noticed someone doing, praise for something they did well, or just a nice comment to make someone feel good. Our family **LOVED** this!!!

# Keeping on top of things During the Holidays!

## Keeping on top of Homeschool During the Holiday Season:

This time of year it's good to have an overview in advance of what days you can homeschool and what days you won't.

\*Mark in the normal activities (sports, scouts, co-ops, rehearsals etc.).

\*Add in all the "special events." Mark down other holiday programs, concerts, etc. Cross off the days when these events or holidays will take more than 3 hours.

\*Mark in all the holiday parties (and make a note of dishes to bring).

\*What family trips will we be taking? X out those days on the calendar.

\*What days are we busy with doctor's appointments?

\*What homeschool holiday crafts do we want to do? Pick a day and jot them down.

\*What days will we do "themed" printables? (For example, we usually do math printables that correspond to the holidays.) Mark them down on the calendar.

\*What units do we want to finish up? (How long will that take? Do we have the time?) Pencil these onto the calendar.

**Relax and Give Yourself Permission to Miss Days:** Give yourself permission to miss a day, a couple of days, a week! Homeschooling is a journey not a destination! I suspect the memories of a fun, stress free holiday will be more powerful to the kids as adults than any "homeschooling goal" we might have ticked off the ole checklist. It's important to keep it all in perspective!
