

Be sure to check out our other packets over at homeschoolden.com. These are fun for 4-7 year olds!

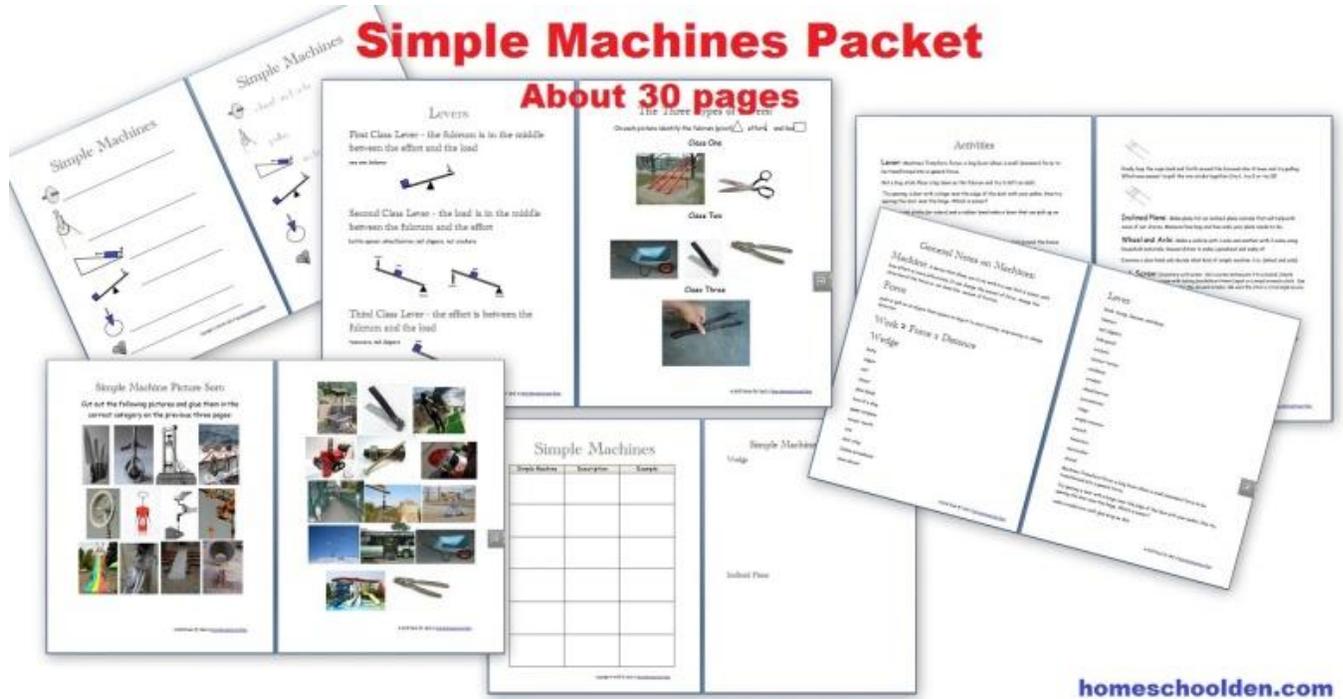

[60+ page Dinosaur Packet](#)

[Earth Science Packet](#): Plate Movement, Earthquakes Volcanoes and more!

Simple Machines Packet

[Rocks and Mineral Packet](#) – There are pages I made specifically for my youngest... I think the kids were 4, 6 and 8 when I made this packet. It's free over at the blog.

Place Value Printable and Pirate Addition Pack

Place Value Beads
 This packet was made by Lani at homeschoolbooks.com
 On the following two pages are bead cards.
 Print page 2 on one sheet, Laminates. Cut out the 9 hundred squares and 9 tens. Cut one ten card into single beads.
 Thousand Beads: Print at least two copies of page 3 on one sheet, Laminates. Cut the square bead cards and keep the tab. Stack 10 cards on top of one another. Place a bead through the tab pieces to create a 1,000 bead example for the children. On page 4 of page 3 to make 4 thousand beads. (We never build numbers higher than 4,000 but any 4,444 will get the idea!)
 Have the student build numbers using the bead cards. There are number cards on pages 5, 6 and 7.
