Feel free to make as many copies as you need for your kids or the students in your classroom.

This file may not be uploaded to any file-sharing website.

You can use these fruit and vegetable cards in a number of ways:

- Students can sort them into the fruit and vegetable baskets while they practice basic sentences in Spanish. There are some suggested conversation starters on the next page.
- Once your kids are confident they know all the words in Spanish, cut the labels from the picture card. Mix them up and have them match the word to the picture.

- Have the kids sort the words into the appropriate fruit or vegetable basket (without the pictures).
- Use the pictures (without the words) to practice asking for (and passing) the fruits and vegetables.

Conversation Starters

Conversación
