

Free Student Planning Pages & Checklists

We have a HUGE free Homeschool Planner that is more than 100 pages! You can grab that free printable here: [Free Homeschool Planner](#)

I made this version for those of you who might be doing school at home temporarily (and don't necessarily want to call everything "homeschooling"!)) If there's anything in particular you want in this planner (or pages from the free 100+ page version that you'd like included here with slight changes, just drop me an email! ~Liesl

Liesl@homeschoolden.com

Here are just some of the packets we have available:

Earth Science Packet (Now 150+ pages!)

Earth Science Packet
150-page packet
 *Earth and the Solar System
 *Layers of the Earth
 *Pangaea, Plate Tectonics
 *Faults
 *Earthquakes
 *Mountain Making
 *Volcanoes... and more

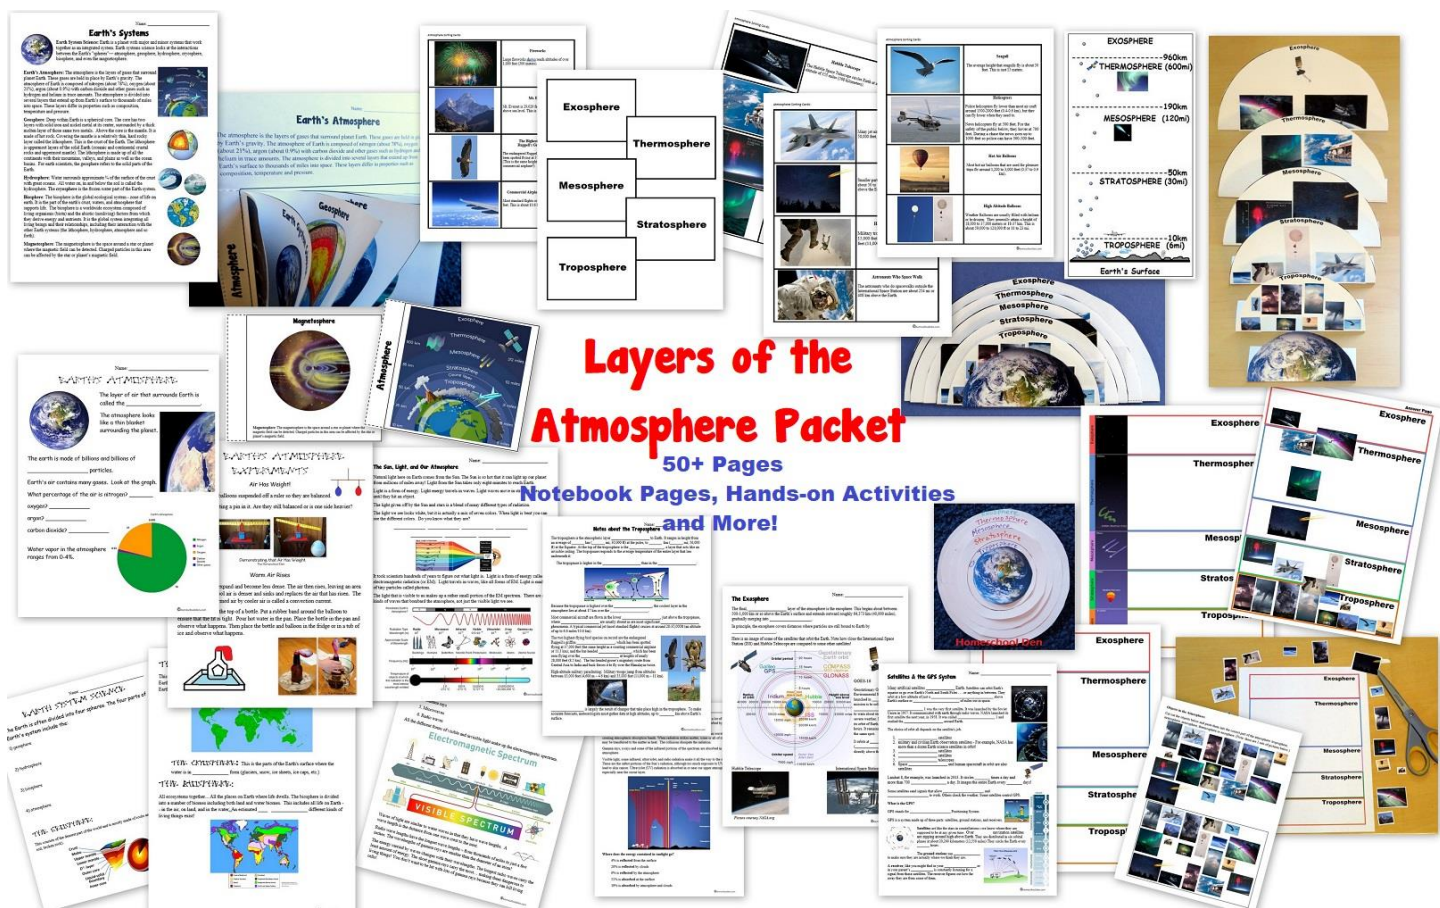

homeschoolde

Layers of the Earth Interactive Notebook Pages

Types of Volcanoes Interactive Notebook Pages

100+ Page Packet

Cell Unit

Topics Include:
Cell Organelles and their Function, Animal vs. Plant Cells, Eukaryotic vs. Prokaryotic Cells, Hands-On Activities, Build a Cell Game and more!

homeschoolden.com

Classification of Animals

Animal Classification Activity

100+ Animal Unit

Animal Unit

100+ Page Packet

homeschoolden.com

Nocturnal Animals

Opossums
Raccoons
Skunks
Beavers

Included in our **100+ page Animal Unit!!**

homeschoolden.com

Winter Packet

75+ pages

Earth's Axis, the Months & Seasons, Arctic vs. Antarctica, Polar Animals and More!

homeschoolden.com

Hibernation Unit

25+ pages

Hibernation Unit

Learn why animals hibernate, terms such as torpor, brumation, estivation, endotherms vs. ectotherms, where animals spend the winter and the dangers of hibernation

homeschoolden.com

70 pages

Food Chain, Food Web, Symbiosis, Biomes and More! (Biology Packet)

homeschoolden.com

Human Body Bundle

Learn about cells, tissues & organs!
Skeletal System
Digestive System
Circulatory System
And more!

homeschoolden.com

Digestive System Worksheets

100+ Pages

Digestive System Packet

Small Intestine, Liver, Gall Bladder & Pancreas, Large Intestine Notebook Pages

Notebook Pages, Interactive Notebook Pieces and More

Circulatory System

Worksheets, Hands-on Activities and More! 40+ Page Unit

homeschoolden.com

Worksheets and Notebook Pages

Skeletal System

90-page unit

The bones of the body
Cartilage and ligaments
The function of the skeletal system
Bone anatomy
The types of bones
The axial and appendicular skeleton
Broken bones (the types of fractures)
Bone repair
The types of joints

homeschoolden.com

Three States of Matter

Hands-on Activities & Worksheets

homeschoolden.com

Properties of Matter

Physical & Chemical Properties

elements
compounds
mixtures

With hands-on activities to learn about viscosity, elasticity, capillarity, density and more!

homeschoolden.com

Chemistry Unit

The Periodic Table

atomic mass, valence electrons, ionic & covalent bonds, ions, isotopes, isomers, and more

The Alkali Metals, Alkaline Earth Metals, Halogens, Noble Gases,

Bohr Diagrams, Lewis Diagrams and more!

homeschoolden.com

Marine Habitats

Ocean Packet

65+ Pages

homeschoolden.com

30+ pages

Trash & Recycling

Recycling Unit

What happens to our trash?
What can be recycled?
Recycling Numbers
Plastics and the environment

Science Units:

(Scroll down below for larger images and descriptions of each unit.)

- NEW \$4.00 Earth Science Unit
- NEW \$3.00 Simple Machines Unit
- NEW \$4.00 States of Matter Packet (see bundle option)
- NEW \$4.00 Physical and Chemical Properties of Matter Unit (see bundle option)
Includes: Elements, Compounds, Mixtures, Organization of the Periodic Table, Molecular vs. Structural Formulas, Describing Matter (Physical and Chemical Properties), Density Activities (Mass/Volume, Molar Mass Calculations, Solubility and Supersaturation)
- NEW \$6.00 BUNDLE OPTION: States of Matter Packet and Properties of Matter Packet
- NEW \$3.00 A Study of Cells Unit
- NEW \$2.00 Human Body Systems
- NEW \$4.00 Skeleton Worksheet Packet
- NEW \$4.00 Digestive System
- NEW \$4.75 Circulatory System Unit
- NEW \$4.00 Animal Unit
- NEW \$2.00 World Animal Cards

History Units:

(Scroll down below for larger images and descriptions of each unit.)

- NEW \$3.00 World Facts Packet – Do your kids know the 4 largest countries? Which countries have the most people? The longest river? This packet covers basic world and U.S. facts. We often started out the semester with a review of this material. 📖
- NEW \$4.00 Civics and Government Packet
- NEW \$2.00 Feudalism Packet
- NEW \$3.00 Age of Exploration Packet

Coming Soon: Renaissance and Reformation Packet

- NEW \$4.00 Causes of the American Revolution Packet (and American Revolution play)
- NEW \$4.00 Slavery and the Civil War (75 pages – slavery, U.S. territorial expansion, the Civil War)

[View Cart](#)

I created a FREE [Homeschool Science Unit Checklist for Elementary and Middle School](#) that I think about as we move from unit to unit. I have a general goal of what I'd like for the kids to have covered K to 8, but we're also flexible and go off on tangents when it's warranted! It many of the units we hope to cover in elementary and middle school.

Science in the Elementary and Middle School Years Homeschool Checklist

Science in the Elementary and Middle School Years Checklist:

This is a list of some of the science units and topics we'll cover in elementary and middle school. We will return to these topics more than once, each time going into more depth. We spend as much time as needed (and while interest lasts). I know we'll cover the topics again in a few years.

The Human Body

Cells
Tissues
Nervous System
Muscular, Circulatory and Integumentary Systems (skin, etc.)
Circulatory and Respiratory Systems
Digestive and Excretory Systems
Endocrine and Reproductive Systems
Immune System and Diseases

Biology

Plant and Animal Cells
Cell Structure and Function
Cell Function (chemical reactions inside cells)
Cell Division
DNA, RNA, Genes
Life Cycle and Reproduction
Plants
Growth
Photosynthesis
Genetics
Animals
What is animal adaptation? animal behavior, animal houses, animal characteristics, adaptive camouflage, animals and their young, vertebrates/invertebrates, herbivores/carnivores/omnivores/consumers - reflect vs. mislabeled animals. (This is a category from the science we cover prechecked every year 4-6, and there is a separate checklist for that)
Classification, taxonomy
Adaptation, phylogenetics, classification, taxonomy, species
Organisms, systems
Group factors
Levels of organization
Biosphere, ecosystems (terrestrial, aquatic), population, organisms, groups of organisms
Homeostasis - internal, external, positive, negative
Human (mammals)
Ecology - interdependence of organisms and their environment, food chains
Population Dynamics
Animal anatomy and physiology

Chemistry

Atoms, Molecules
Acids & Bases
Atomic structure - periodic table

Astronomy

Creation theories, distance, fossils, chemical reactions
Matter - Solids/Liquids
Stellarium Charts
Organic Chemistry - chemistry of carbon

Earth Science

Geology - history of the Earth
Inside Earth - geophysics
Climate & Weather - climate, meteorology, igneous rocks
Earth systems (geosphere, hydrosphere, biosphere, atmosphere)
Minerals
Earth's Magnetism
Earth's movement - changes to Earth's surface
plate movement
what causes tsunamis
what causes hurricanes, volcanoes, earthquakes
how has Earth's surface changed

Physics

Simple Machines
Speed, force, energy, matter, power, heat, heat transfer, conduction, convection, radiation
Light and optics
Electricity
Sound - vibrations, waves, speed, frequency, wavelength, amplitude
